Alaska Intergovernmental Remote Seller Sales Tax Agreement

This Agreement is made and entered into by the signatories representing Alaska's cities and boroughs to enable them to implement single-level, statewide administration of remote sales tax collection and remittance. The provisions of the Agreement do not apply to administration and collection of sales taxes for the sales of goods and services originating from within the boundaries of a member municipality nor does this Agreement restrict how a member municipality administers and collects sales tax on such sales, nor on sales made by those retailers with a physical presence in the municipality. The authority to set rates and exemptions is maintained by the member municipality.

Article I. Background Principles.

1. The signatories wish to enable local governments to benefit from opportunities for collection of existing sales tax on sales made by remote sellers. Remote sellers are sellers who sell, often through the internet, products or services in a taxing jurisdiction without having a physical presence in the taxing jurisdiction.
2. The collection of remote sales tax provides a level playing field for local businesses and strengthens the ability of local governments to provide public services and infrastructure.
3. The signatories are particularly mindful of the specific holding in, and implications of, the Supreme Court's *South Dakota v. Wayfair* decision, which provides guidance relative to nexus and the legal defensibility of a single-level statewide administration that reduces or removes potential burdens to interstate commerce.
4. Alaska's local governments have the authority to enter into intergovernmental agreements and applicable taxing authority has been delegated to organized boroughs and cities.
5. The signatories desire to establish an intergovernmental entity to enable cooperative centralized administration of sales tax collection, remittance, and enforcement on sales made by remote sellers.

Article II. Purpose.

The purpose of this Agreement is to:

1. Enable cooperative centralized administration of sales tax collection, remittance, and enforcement on sales made by remote sellers using a single statewide intergovernmental entity;
2. Provide for and promote reasonable uniformity and compatibility in significant components of local sales tax levy and collection on sales made by remote sellers and marketplace facilitators in order to facilitate streamlined joint administration; and
3. Facilitate taxpayer and tax collector convenience and compliance in the filing of tax returns, the payment of tax, and in other phases of tax administration of sales made and services provided by remote sellers and marketplace facilitators.
