Dear Business Owner / Manager,

The ARSSTC Board of Directors recently updated the ARSSTC filing frequency policy. The revised policy greatly expands access to quarterly filing as an option for remote sellers. Your business now qualifies for quarterly filing if one of the following conditions are met:

- Your business had less than \$100,000 in taxable sales, delivered into Commission member jurisdictions in the preceding 12 months or,
- Your business had less than \$100,000 gross sales statewide in the preceding 12 months.

To be switched to quarterly filing, you must request this in writing by emailing amstp@akml.org. In your request, please provide your ARSSTC account number, business name and certify that you meet the qualifications outlined in the policy.

For the full text of the revised policy please visit:
