This notice is providing clarification on a remote seller's requirement to obtain exemption certificates from its customers.

First, please carefully review the revised Interpretation 2020.10 found on our website at:
https://arsstc.org/wp-content/uploads/2021/10/2020.10-Entity-based-exemption-certificate_revised-August-2021.pdf

Interpretation 2020.10 references a list of each general type of exemption certificate issued by ARSSTC member communities. This list can be found here:

<https://arsstc.org/exemption-certificate-directory/>

As new ARSSTC member jurisdictions are added, or as communities make changes to their exemption certificate process we'll update this list accordingly.

If any additional clarification or verification is needed, please contact us at AMSTP@akml.org or 907-790-5300.
